INCENTIVE  
GUIDE**

## Tivat, the ideal MICE destination

Tivat, a town on the coast of Montenegro, has recently been ranked as one of the top ten places in the category of meeting destinations that can host up to 1,200 attendees.

Apart from its location in one of the world's most magnificent bays, the Boka Bay, Tivat also benefits from easy air access and exquisite hotel offer. Through Tivat Airport, Montenegrin coast is connected with numerous destinations across Europe. Tivat boasts some of the best and most prestigious hotels globally, such as Regent Porto Montenegro, The Chedi Luštica Bay, and Nikki Beach. The two marina villages, Porto Montenegro and Luštica Bay, offer an assortment of opportunities for event tourism.

Surrounded by the islands treasuring rich cultural heritage, by hiking trails, fishing villages and a nature reserve, as of late Tivat also proudly bears the designation of a green destination. As an award winner for the good practice story of Solila Special Nature Reserve management, the youngest town in the Boka Bay kindled the interest of environmentalists and nature lovers from all parts of the globe.

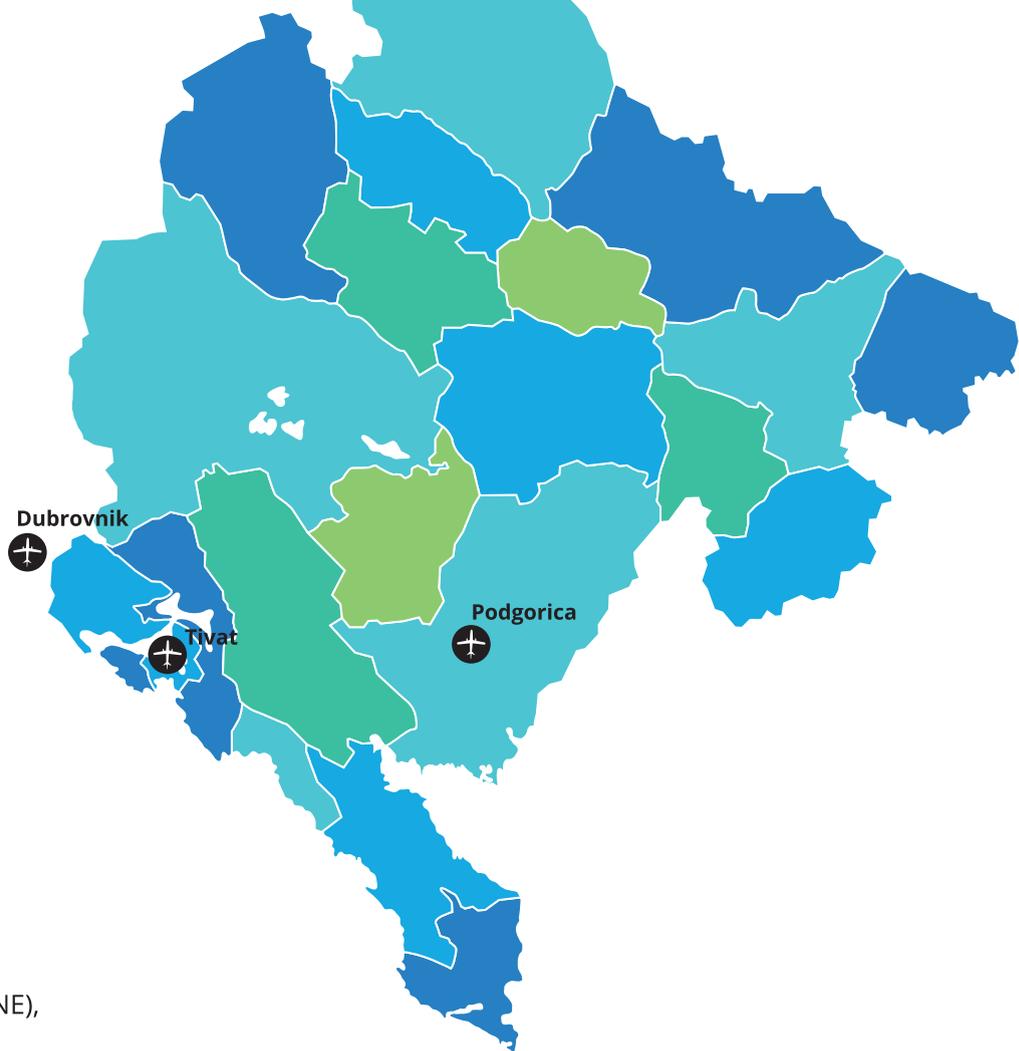

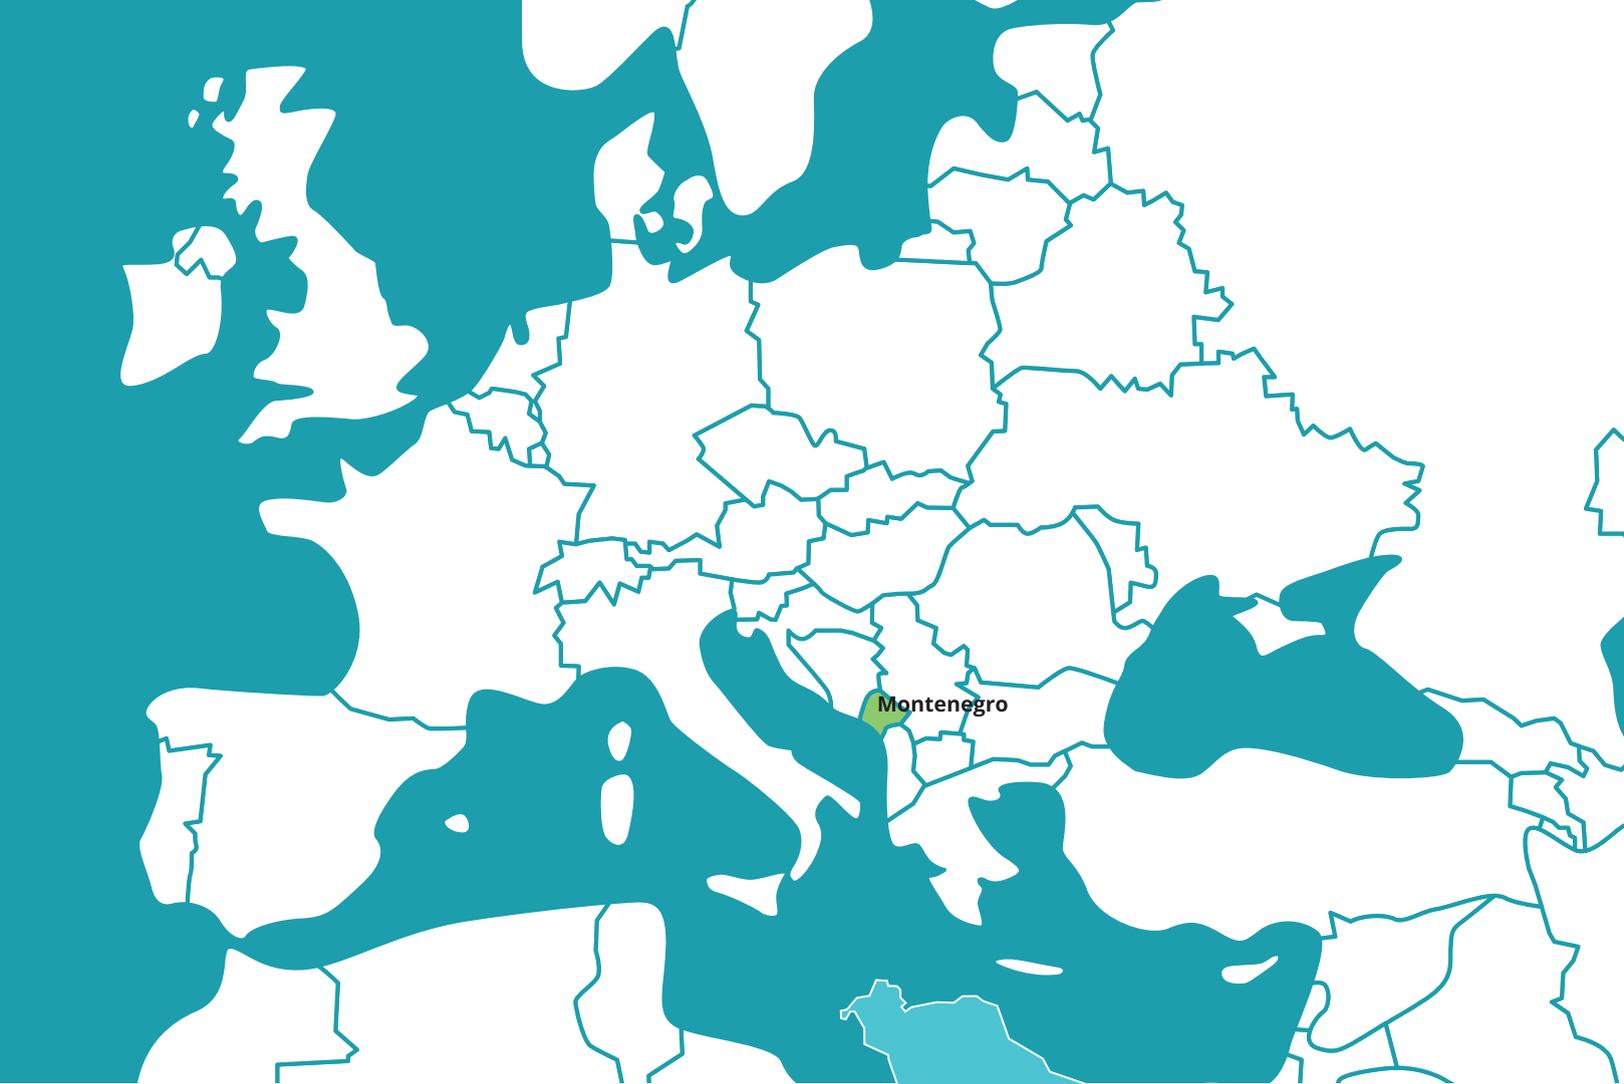

Tivat is also beloved the water sports enthusiasts, boaters and divers in particular. For years the picturesque scenery, rich undersea world, clean nature and warm sea have enticed regatta participants to come and enjoy the sunsets at Tivat riviera. Ideal for relaxation, sport activities add value to Tivat as a meeting and incentives destination.

The fact that Tivat is an ideal base for visiting the Boka Bay and the rest of Montenegro should not be overlooked. It is easy to visit, but difficult to get to know this small country, with both mountainous and Mediterranean regions. It abounds in hidden nooks worth exploring, with each region having its own distinctive features that make it stand out from the rest. The coastal region is a typical Mediterranean area, only further accentuated in Tivat.

Tivat's all-pervading luxury transpiring charm and leisure entices for enjoyment. This small town has its own story to tell through its medieval palaces, attention-grabbing museum displays, or recounted by its people with their genuine hospitality, popular festivities preserving century-old traditions and its sophisticated gastro culture.

Tivat is an inspiration to aim higher and do better. Its success story started only recently, although it may seem as something that has always rightfully belonged to it. Tivat is a showcase for success and development while remaining committed to tradition and nature conservation.

Tivat is synonymous with inspiring luxury, relaxing nature and enriching culture!
